Real Games on Blockchain

Our core brand and the product logos reflect our vision and the experiences we seek to create for our customers. Please find below some guidelines on how you can use our brand assets when talking about BlockPegnio.

Logos

Guidelines

Both BlockPegnio™ logos can be used in black or white backgrounds. Please use the appropriate version each time. BlockPegnio™ logo should only be placed on top of a black, white, dark blue, dark grey or photo background. The Six Dragons™ and CraftingSimulator™ logos can be used in white or image backgrounds. In case of an image background please make sure that the context is relevant, and you hold the rights to use the background image. Please leave plenty of space around the logos and don't alter their design or colours in any way. For further inquiries, please emails us at: info@blockpegnio.io.
